

Queen's University
Department of Pathology and Molecular Medicine

The Dr. M. Daria Haust Pathology
Summer Studentship

Opportunity Update Form

The Dr. M. Daria Haust Pathology Studentship funds one position for Queen's medical students in the summer immediately after their first or second year of medical school. These students undertake research, clinical, or academic endeavours within the Department of Pathology and Molecular Medicine at Queen's University.

The recipient is kindly requested to keep the department and in turn, Mr. Bill Haust (son), informed of the future opportunities the Haust studentship project has provided/led to i.e. presentations, publications, etc.

Studentship Recipient Information
